The program should be geared to students and have a component for skill building with a focus on Social Emotional Learning competencies. Online/digital resource guides should be supplied to support student learning.

Bid Specifications for the program include:

1. The Program should engage students in a research based, comprehensive approach by providing powerful transformation in the following areas
 - Social Emotional Learning
 - Mental Health Awareness and
 - Child trafficking
 - Substance Abuse
 - Behavior Intervention
 - Restorative Justice and Intervention
2. The Program should cover a wide range of critical areas for student learning including
 - Academic pressures
 - Conflict resolution
 - Mental health
 - Bullying/Cyber-bullying
 - Digital Citizenship
 - Stress Management
 - Substance Abuse
 - Sexual misconduct
 - Respect
 - Help seeking and Help giving
 - Social and ethical responsibility
 - Child trafficking prevention
 - Discrimination
 - Racial Tolerance
3. Outcomes from participation in the program should guide students by
 - Improving student motivation
 - Developing culture in schools and classrooms
 - Decreasing discipline referrals

- Increasing positive behavior and outcomes
- Increasing attendance in students
- Increasing positive relationships
- Providing tools for students to be used in everyday interactions with others.
- Promoting teacher and student connectedness
- Increasing student character development

One Team, One Goal, High Levels of Learning for All
